hm20

A simple and versatile collection of bar and occasional tables: the six top shapes are available in a choice of four standard finishes: oak or walnut veneer, and white or grey laminate. Bases are finished in polished chrome. All sizes are available in two alternative heights, 380 and 500mm, and there is also a 730mm high café table **hm20i**.

In addition to the four standard finishes described above, circular and square tables may be specified with clear toughened or acid-etched glass tops. Shown here: **hm20g** with acid-etched top and **hm22a** chairs.
